See if you qualify for extra healthcare savings

Did you know there are plans and products that could help you save even more money on your healthcare costs? It's true! Here are 3 popular ones.

Extra Help

Extra Help is a government program. It could help you pay less for prescription drugs, prescription drug deductibles, and monthly plan premiums (if your plan has one!).

Medicaid coverage

Have Medicaid? You can sign up for a dual Medicare and Medicaid plan (D-SNP). These plans often give you more extras than Medicare or Medicaid alone.

Chronic health conditions

If you have a chronic condition like diabetes, a chronic special needs plan (C-SNP) could help you save money on specialist visits, prescriptions, and more.

How to learn more about our plans

When you're ready, give us a call. There's no obligation to sign up for a plan. We're here to help. Here are 3 things we can do for you.

1 Let you know how much you could save.

Our team of licensed agents will do the math for you. Have us check what you'll pay for your prescriptions, specialists, and more.

We can look up your doctors to make sure you can see who you want. (**Pro tip:** Our PPO plans let you see doctors without a referral — and some of our HMO plans do too!)

If you're ready to join Devoted Health and have an eligible enrollment period, our team makes signing up a snap! We'll fill out everything you need so you just have to wait for your plan to start.
